Date: October 26, 2009

To: Truckee Area

Attention: Captain T. S. Sturges

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**  
Office of the Assistant Commissioner, Inspector General

File No.: 005.9968.A07146.010

Subject: 2009 COMMAND PROPERTY INSPECTION REPORT

In accordance with procedures outlined in Highway Patrol Manual (HPM) 11.2, Materials Management Manual, and HPM 22.1, Command Inspections Program Manual, an inspection of your command's property, including vehicles and weapons, was completed by the Property Inspector (PI) on September 23, 2009. Using property records from the appropriate Offices of Primary Interest (OPI), the PI selected a random statistically-valid sample of property that was stratified across four property areas: general inventory control, telecommunications, fleet, and weapons (see Attachments B, C, D, and E). Additionally, the PI chose items within your command and compared them to the appropriate inventory records.

According to the OPI inventory lists, the command had a total property inventory population of 509 items (a). The statistically-valid sample at a 95 percent confidence level  $\pm$  5 percent error rate provided a total sample size of 57 items. Each OPI inventory list was stratified (c) and the results rounded up to the next whole number (d) to ensure all inventory lists were proportionally represented in the statistically-valid sample.

	Population Size	Percentage of Total	Calculated Sample Size	Predetermined List Sample Size
	(a)	(b)	(c)	(d)
<b>ICU Decals</b>	220	43.22%	23.77	24
<b>Telecommunications</b>	199	39.10%	21.50	22
<b>Fleet</b>	20	3.93%	2.16	3
<b>Weapons</b>	70	13.75%	7.56	8
<b>Total</b>	509			57

*Safety, Service, and Security*

Truckee Area  
Page 2  
October 26, 2009

When comparing equipment recorded on the predetermined property inspection list to equipment located at the command, 54 of the 57 items were located. Three items were not available for inspection: one item was being repaired; one item was transferred from the command; and one item (Pager) was not located (however, this item had already been reported missing). Furthermore, one of the 54 items requires a correction be made to the property record. The property inspection results of the equipment recorded on the predetermined property inventory list to equipment located at the command are summarized in Attachment A.

When comparing equipment assigned to the command to the OPI inventory lists, 76 of 84 items reconciled. Two items were not listed on the appropriate OPI inventory list, and six items require a correction be made to the property record. The property inspection results of equipment located at the command to the OPI inventory list are summarized in Attachment A.

I request your command research and investigate all discrepancies in accordance with departmental procedures outlined in HPM 11.2, Materials Management Manual, Chapter 8, Equipment, and work with the appropriate OPI(s) to rectify any variances. A Physical Inventory Adjustment Request, CHP 24, must be completed to adjust the inventory records. In order to verify that the above listed discrepancies have been rectified, please submit a memorandum to the Office of Inspections through your respective Division by January 26, 2010.

Furthermore, in accordance with the Governor's Executive Order S-20-09 to increase government transparency, this report will be posted on the CHP's internet website, and on the Office of the Governor's webpage, located on the State's Government website.

The Office of Inspections would like to thank your command for their assistance during this property inspection. If you have any questions or need additional information, please contact me or Roger Ikemoto, Senior Management Auditor at (916) 843-3160.

  
M. C. A. SANTIAGO  
Assistant Commissioner

Subject: RECONCILIATION OF MISSING TELECOMMUNICATIONS EQUIPMENT;  
REPORTING PERIOD, THIRD QUARTER

A comprehensive search was completed on August 24, 2009, to locate six items which are listed as missing on an Inventory Report for Telecommunications Equipment by Sergeant Steve Bryan, ID 10527. After completing the search none of the listed items could be located and remain missing.

TRACY STURGES, Captain  
Commander

R-38713

8-19-2009

Hello Arcas,

Attached is a list regarding reconciliation of missing telecommunications equipment. Please refer to the attached memo from ACF about the process. Please CC Sergeant Steve Kinoshita and Officer Kris Rolin at Valley Division with information.

Thank you,

Kristopher C. Rolin

Valley Division Field Support Officer

916-464-1469

## M e m o r a n d u m

Date: August 3, 2009

To: Valley Division

From: DEPARTMENT OF CALIFORNIA HIGHWAY PATROL  
Assistant Commissioner, Field

File No.: 02.9578.A06786.047.000\_memo\_ACF\_3qtr

Subject: RECONCILIATION OF MISSING TELECOMMUNICATIONS EQUIPMENT

Attached is the updated spreadsheet of missing R-Numbered (Telecommunications) equipment which was last known to be assigned to the Areas/sections within your Division. As directed in the memorandum dated October 29, 2008, the items listed are subject to quarterly reporting until located. Quarterly reports will document the efforts taken to locate the missing equipment and shall be submitted to the Office of Inspections. The first quarterly report is due October 15, 2009, and will span the time period of July 1, 2009, through September 30, 2009. Each subsequent report is due on the 15<sup>th</sup> day of the first month following the end of the quarter.

Commands can check on possible changes to equipment assignments by going to the California Highway Patrol (CHP) Intranet page and entering <http://10.240.2.200/or.asp>. Equipment assignment information can be obtained by entering the property tag number (5 or 6 digit CHP #, R #, AF #, or X #). This web site is case sensitive and capital letters must be used. If the item has been surveyed by the appropriate Office of Primary Interest, commands can confirm the survey by contacting Telecommunications Section for R-Numbered equipment, Information Technology Section for computer equipment, or Business Services Section, Supply Services Unit, for all other CIIP numbered equipment.

Should you have any questions, please contact Telecommunications Section commander, Captain Joe Whiteford, at (916) 375-2901.

T. J. CLARK  
Assistant Commissioner
